## Our Story.

With the wild + free elements and the rugged, untamed beauty of coastal Maine, The Spa serves as a gathering place on the cliffs, offering meaningful experiences for a revitalized sense of well-being and a powerful reconnection with self, nature, and others.

A place to rejuvenate, recharge and enhance everyday lives, satisfying the desire for escape and connection. A sanctuary of well-being that invites you to surrender to your truest essence. The Spa offers subtle references to the distinctive traditions, natural beauty, and spirited attitude of its location through a combination of playful, fresh, and modern expressions.

Energize in a vitality circuit of sauna, steam, and aroma showers, then anchor your spa experience in a reflective retreat in our Ocean View Sanctuary, which hovers high above the seaside cliffs, crashing waves and unending skies. Or rest and enjoy your time in the more social sun lounge and garden patio where beverages, light bites and express spa services are available at your leisure. With expansive views of bald head cliff and cove, the lounges offer a connection between indoors and outside with natural light, and cozy seating. A perfect setting for a personal retreat, couples' connection or celebrating a special event with friends.

The Spa offers a wide range of services each designed to guide you back to your own untamed beauty. Our journeys, massage, body rituals, and facials, crack through layers of stress and strain, revealing the splendor that awaits just below the surface. Our intuitive therapists use only the finest natural and organic products, enhanced with therapeutic essential oils that soothe mind, body and soul. Come to The Spa at Cliff House to discover and experience your own wild + free....
